	Heifers were last to be assessed on the day and had put up with a lot of handling in the yards by then. These heifers moved around the yards with ease and no fuss, a predominately quiet line of heifers with only a selection of heifers getting nervous under pressure. Heifers were well behaved in the crush and under assessment with the odd one stirring up a fraction. Nothing of aggressive nature.
Handled With	Bikes , On foot , Vehicles

Assessor Comments	18 PTIC Angus Heifers. Originally purchased as calves still on Cows from Tim Lawson, meaning they are full Lawson Angus Blood. All heifers were retained and continued on by the Walker Family and joined to Te Mania Bulls. These heifers moved with ease throughout the assessment and are very quiet in nature. Would suit anyone looking to inject some quality, young future breeding, into their herd. Please note Vendor has other lots in this Sale.
