Assessor Comments A very good line of vendor bred EU accredited future breeder heifers, Dollar Angus blood. Weaned in October last year and have come along very well being 329 kg curfewed weight, these heifers are ready to join to the bull of your choice, very quiet and an absolute pleasure to handle. Heifers are tops of the drop and are only being offered for sale due to property being sold. These heifers will grow into medium to large frame cows and would be an asset to any breeding herd for a number of years.
