Assessor Comments	Quality line of impeccably bred PTIC heifers that were selected purposely to form the nucleus of a breeding herd for many generations to come. Heifers were originally from Yea district, Clifton Oakridge Angus bred heifers carrying Anvil Angus bloodlines. Synchronised Joining by AI to Murdeduke Kicking K428 on 20/06/22 to calve on the 20/03/23. Selected low birth weight bull with high growth rates. 64 synchronised heifers in total drafted over two lots based on bloodlines joined to the same AI Sire making a B-Double load. A further 28 heifers of the same bloodlines and age are also offered that are naturally mated to the Ireland Stud bulls. An outstanding line of PTIC heifers to complement any herd or for those that are building numbers, very quiet and easy to work with, highly recommended
