Assessor Comments	Good line of 38 Angus heifers that are ideal feeder weight of 387kg av. These heifers have bit of age, with plenty of frame and in forward condition absolute ready to pour the weight on shown some feed. Ideal for grain fed, fatten or retain as breeders. There is 1 big heifer with a white dot on forehead got a splash of something but otherwise all good straight bred heifers. Testament to their breeding these heifers have not had much feed available to them but yet still have done and gained weight. Note vendor has 4 other lots in sale.
