Assessor Comments	Good quality line of EU accredited Angus cross Steers. 8 to 9 months old. Bred from Waitara blood Angus cross cows by Kidman blood Angus bulls. The Semmler family have been breeding high preforming EU cattle for many years with a high focus on genetics. Great opportunity to purchase EU steers that rarely come onto the markets at current weights. Quality cattle that are usually retained and grown into heavy weight feeder steers. Only for sale due to ongoing seasonal conditions.
