A very quiet line of heifers, yard weaned.

Handled With	Bikes , Dogs
Assessor Comments	A fresh line of heifers that have been yard weaned and very quiet. They are very well bred with their mothers being part of a stud program. They are showing very solid frame and structure and have the capacity to grow into very solid breeders or feed on. Their temperament of these heifers is a credit to the vendor. Please note there is a line of 10 of their lighter sisters in todays sale.
