Cattle worked very well through the yards and crush during assessment, only a couple of heifers were partly agitated on scales but not mad. A pleasure to handle they are very quiet.

3 Head	Old pinkeye scar
5 Head	Old ringworm
1 Head	White belly

Assessor Comments	An exceptionally well bred line of Team Te Mania Angus heifers, that have been properly weaned and are ready to go ahead. Ideal cattle to breed from or tuck away to grow out. The odd heifer has signs of old ring worm but definitely on the improve and past the worst. A couple of heifers have a minor pink eye scar that is not still infected. One heifer noted with a bit of white on the belly nb: This lot has been assessed as a line of 86 heifers ranging from 220-269kg full to avg 247kg at assessment. They will be sold in 2 lots as run out the gate. There is an additional 43 tops in the same auction. Small tail has been removed.
