Very quiet in holding yards, no sign of stress in race or crush at weighing. Absolute pleasure to handle. A lot of work has been put into the handling and breeding to make these cattle very docile and a pleasure to handle.

Handled With: Bikes , On foot , Vehicles

Assessor Comments: Tops of the Well Renowned BASSANO steers. These steers are very well grown for their age, they had an exceptional spring and plenty of volume through summer and are now enjoying a very good Autumn thus are on average 20 kg heavier than last year. Impeccably bred steers to grow on to feedlot weights, or bullocks, have performed very well in the past as they have a ton of breeding and doing ability. Note two lots in sale, to total 83 steers. Weaning, handling , facilities, animal health and breeding are all done to a very high standard. This mob weighed from 300 to 395 kg at assesment. No warts, ringworm or eye issues with any of these steers. NB 47HBR and APR Sisters in this sale
