Assessor Comments	A high quality line of Angus heifers, with an infusion of Black Simmental in the mob. The vendor has been using Boonarkm Black Sim/Angus bulls for a few years now, to get butt shape and early growth rates into his calves. Aiming for that first cross hybrid vigour. They will present as a very even line of heifers weight wise, with a tail drafted out of the bottom end. These are the main draft of his Spring drop calves. A docile to quiet temperament throughout the mob, having been handled extensively. These heifers would make ideal future breeders for the discerning producer, as well as suitable for the feedlots. No known exposure to bulls, will not disappoint.
