Handled With	Bikes , On foot
Assessor Comments	13 Angus & BB heifers 302 kgs 8-9 months of age. Yard weaned in April for 7 days on Quality hay. Sired by Quality Springwaters Angus bull. They show impressive growth for age and boast plenty of bone and muscle definition accompanied by beautiful feminine features. They would be great future breeders. The hard work has been done and they will continue to progress given the right feed situation. Vendor has steers of the same age and older steers and heifers in this sale.
