Assessor Comments	Spring drop Angus Steer calves, weaned 7 - 8 months old. The steers are A.I bred, A.I sires used were Sitz Stellar, Oak Hollow Hallmark, Millah Murrah Rector and Tehama Patriarch. After A.I the cows were backed up Hazeldean P79, Millah Murrah Universe U137 and Brooklana T76. Garras Angus have been using top Australian and USA sires for over 10 years. These little steers are jam packed with breeding and are noted doing cattle were ever they go given the right opportunities. They are handled on a daily basis, and use to running behind a single hot wire. Rough in the coats now with the nights getting cooler. Please note = There is 3 or 4 of these steers with an old pink eye scar. (see photos) Have included photos of A.I Sires, Vendor also has another lot of heifers in the same sale.
