Assessor Comments	A very good opportunity to purchase well bred heifers that are PTIC to calve in March 2023. They have been synchronised

and AI'd on the 15/6/2022, in turn this will give you a very tight calving period. These heifers present in tremendous order considering the wet spring they have encountered and show plenty of growth and capacity. Please note this vendor has 4 other lots in this sale consisting of another lot of PTIC Heifers, 2 Lots of Heifers and Calves and 1 lot of Cows and Calves.
