Assessor Comments	A neat line of 20x20 station mated Angus cows with July/August drop calves that are in great condition and doing a nice job on their calves. In this group there are 18 cows on their 2nd calf and 2 cows on their 3rd calf. Cows and calves present in very good order given the wet conditions in the area and will continue to improve. Cows are still running with the Rossander bull and have not been pregnancy tested. Please note 3 cows have white on their udders and 2 cows have slight pink eye scars that do not affect them. Vendor also has 2 more consignments in the same sale.
