Assessor Comments: A line of big, well bred Heifers purchased from noted Breeders in the Mortlake District and joined to Te Mania Bulls proven for calving ease. The Johns Family specialize in preparing PTIC Angus Heifers for the Eastern States Market, leaving no stone unturned in their effort to present a top quality article. As always, these Heifers are no exception. These Heifers have a little extra age and maturity than the typical PTIC Hfr offered for sale. They are big, roomy females in prime condition without being overdone. The property is in a high rainfall area and this year has received around 2 Metres ! The cattle have done extremely well considering they spent most of the last 6 Mths. paddling around in mud. One heifer noted with a Pink Eye blemish and another with one long toe that was in the process of breaking away - no issues.
