Assessor Comments	Buyers, on offer 61 Preg tested empty Angus heifers that will be offered as a run at the gate of 241 heifers, in four lots of 60. Heifers were purchased out of New England and Central NSW weaner sales and are only being sold due to no longer fitting within future programs of the vendor. A huge compensatory weight gain is on offer for these heifers being in store condition. Whether it be on grass, crop, or grain these cattle will excel. Heifers have been preg tested empty for ease of mind of the buyer. Please note a small number of heifers presented with blight scarring but was not deemed an issue. A great line of Angus x Angus heifers that offer a great opportunity for the purchaser.
