Vendor Comments	Extremely happy with this years steer calves they are great to handle in the yards and in the paddock they are moving ahead and will perform in the future. IMMUNE READY PROTOCOL FOLLOWED

Quality Grades		Store Condition		Muscle Score	
Excellent	100%	Fwd Store	70%	C	100%
		Store	30%		

Temperament	Yards	Crush	Paddock
	Docile: 23 head	Docile: 23 head	Quiet: 23 head

Great to handle in the yards and moving through the assessment all cattle were individually weighed and showed no signs of agitation. The owner is yard weaning on property. Steers were calm and moved through the race and crush with ease.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A terrific opportunity to secure a small, high-quality line of 23 Angus steer weaners from C & J Miller, presenting in store condition with excellent growth, shape, and overall balance. These steers are a genuine reflection of a well-managed, pasture-based system, with the vendors consistently producing cattle that perform across a range of operations. They display good frame, softness, and length, super quite and are an even, tidy line that will suit buyers chasing quality and predictability. Genetically, these steers are backed by Ardrossan Angus bloodlines, widely recognised for their performance, fertility, and carcase traits. Cattle from this program are noted local performers and have a strong track record in both backgrounding systems and feedlot operations, often finishing at heavier weights and meeting market specifications with ease. All steers are grass fed only and antibiotic free, making them well suited to programs targeting premium or natural market spec
Assessor	**Justin Costello (Level 1 Accredited)** Phone: 0419 007 925
