Assessor Comments	A quality line of 11 Angus x Murray Grey heifers, 9–10 months old, presenting in forward store condition. These heifers are by proven The Glen and Ardrossan Angus bloodlines, offering excellent growth, performance and future breeding potential. The heifers are well handled, quiet in temperament and show good frame, depth and softness for their age. Suitable for backgrounding, feeder markets or as future replacement breeders. An attractive line of genuine young heifers that will continue to grow out well and suit a wide range of operations.
