These cows present in fresh store to fat condition. Cows have good breed type with good depth of flank with 29 polled cows. They have great Angus calves at foot that are very sappy. Cows have been running back with Carabar Angus bulls since 15/10/22. Cows worked well but looked for a gate when working through yards. No cows where aggressive. Note. 3 cows had slightly capped hip, 2 bottle teats but calves are sucking one cow small lump on jaw but not detrimental.
