Assessor Comments	A great opportunity to get into neat line of young Angus cows and calves. Cows present in forward store condition with and average weight of 499kg and are doing a great job on there calves presenting in fresh condition with an average weight of 155kg. They have been running with angus bull and would be a great for someone looking for a nice line of long term breeder. Please not 1 cow and 4 calves have traces of blight as shown in photos and have been treated twice and will be treated again at delivery if needed. Also a small amount of cows and a calves also have slight old blue eyes. Please note some steers still have some swelling from being marked.
