Assessor Comments	A quality line of 6 HBR registered Angus heifers, sired by respected bulls Texas Thunderstruck T383 and Millah Murrah Paratrooper P15. Of these, 3 heifers are PTIC to Murdeduke Pheasantry T298, presenting added value and immediate breeding potential. These well-grown, feminine young females display good structure, sound constitution, and strong Angus breed character, and are in forward condition ready to continue on in productive breeding programs. An appealing opportunity for stud or commercial operators seeking quality registered genetics with proven sires behind them and the added advantage of in-calf females already in the line-up.
