Assessor Comments Offering 32 Angus heifers with calves at foot. The heifers averaged 530kg (full) at assessment, with calves averaging 98kg. The calves are sired by Hazeldean Angus bulls and rejoined . This is a quality line of first-calf heifers that are doing an excellent job rearing their calves. The heifers are well grown, feminine, and possess plenty of frame and stretch. With their age and breeding, they are expected to continue developing into productive, high-quality breeding cows for the future. Calves were all marked and 5in 1 vaccinated day of assessment .
