	Traits
1 Head	Old pink eye scarring one eye only

Assessor Comments	A/c Hopefield Holdings, Hopefield NSW, offering 34 outstanding quality pure Jarobee Angus PTIC heifers. These 34 young matrons are of the highest quality and were purchased direct from the Jarobee Angus Stud as unjoined surplus-to-requirement stud heifers in September 2025. The heifers were joined to a LBW Jarobee Angus stud bull Moogenilla Quinella U260 with a Birth Weight EBV of +3.9 on 4/11/25 and will sell as 5–7 months in calf. Although bulls ran with the heifers for an extended period, at pregnancy testing on 1/6/26, any heifer assessed by veterinarian Brad Goonan as being under 5 months gestation were removed, all heifers in this lot were 5 months plus gestation on the 1/6/26. These heifers can only be described as outstanding quality herd improvers, sired by some leading AI sires: Dunoon Recharge BHRR102 x8, Marwarra Star MNG21S156 x7, Ayrevale Precision HIOP5 x7, Texas Sniper DXT21S91 x6, Paringa Statesman HKF21S115 x3, Bennett's Culmination USA19749024 x3. These future breeders have excellent depth, capacity and phenotype, and come with their agent's highest recommendation.
