Paddock

These heifers handled very well during assessment. They were weighed, drenched, and pregnancy tested simultaneously, maintaining good composure throughout. These heifers would be suitable for handlers of any experience level.

Handled With	Bikes , Dogs , On foot , Vehicles

Notable Traits	Traits
1 Head	Old pink eye scar

Assessor Comments	These heifers have been joined to a low birth weight Riga Angus bull and are showing strong potential for buyers seeking well-bred females suited to a spring calving program. With the groundwork already done, they simply require appropriate nutrition and care to carry them through the final stages of pregnancy. Their easy going temperament makes them an excellent asset for anyone looking to expand or establish a line of quality future breeders.
