Assessor Comments	An outstanding draft of Murdeduke blood Angus heifers PTIC to Pathfinder Angus bulls selected for calving ease, short gestation & moderate growth. They were pregnancy tested by vet, Rob Ander on 17th April. Heifers were purchased as tops of the drop with the plan to be the foundation on a new herd! They present in ideal calving condition & recently have been running on 'secondary quality' paddocks to prepare them for their final stage of pregnancy. They carry an exceptional genetic profile & would be a solid addition to any high end Angus herd! Vendor will offer another line of 32 PTIC heifers in the same sale.
