Assessor Comments	Buyers a very smart line of well bred Angus heifers, these heifers where specifically purchased to be joined and sold in this program, this line represents the lead of 80 Angus heifers, all purchased ex paddock sales from Mortlake in Victoria. They have been joine for a 9 week period to 3R Vengeance KNAR001. This young sire was used in the 3R stud prior to Winton Pastoral Purchasing him. His prodgeny should grow to be soft well shaped calves with weight. These young females are an ideal line to make replacements into your herd. Odd heifer noted with a blue eye. These heifers are worth further consideration
