Quality Grades		Store Condition	
Very Good	100%	Fwd Prime	100%

Temperament

Yards	Crush	Paddock
Quiet: 28 head Slightly Stirry: 20 head	Quiet: 36 head Slightly Stirry: 12 head	Temperament not assessed in Paddock

These animals seemed to handle much better in a smaller area opposed to a larger drafting pen where they burrowed and/or showed a brisk pace when leaving an exit gate.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	Due to a change in their operational direction, Millbrook Farms are offering a tremendous opportunity for a potential buyer to purchase classed in breeding females under genuine dispersal conditions. Approximately eight years ago Millbrook Farms opted to introduce a Shorthorn bloodline into their Autumn calving herd for added hybrid vigor & to spread their risk in the market place. Initially they were running an Autumn & Spring calving program which saw the Shorthorn infused animals bred in Autumn only. In recent times a management decision was made to change the entire herd to a Spring calving model which sees these animals calve down as a 2.5 year old female. They are quite a large framed maternal female that will grow into a beautiful mature Cow one day. There has been no expense spared when purchasing sires from the well renown Yavenvale Hereford Stud & it is evident in the exceptional phenotype these females possess. This particular consignment represents the top draft of Hereford x Shorthorn heifers that weighed 600kg+ at assessment.
Assessor	**Ryan Sargeant (Level 1 Accredited)**
Delivery Period	19/06/2026 to 23/06/2026 (5 days)
Delivery Point	Approximately 10km South of the Alexandra township via Whanregarwen Road. ALEXANDRA VIC 3714 Lat: -37.1915957 / Lng: 145.709754
