Excellent	100%	Store	100%

Temperament

Yards	Crush	Paddock
Docile: 20 head	Docile: 15 head Quiet: 5 head	Temperament not assessed in Paddock

A very well natured group of Heifers and Calves. Heifers have been very well handled and cared for using horses, dogs, on foot or in vehicles, no motorcycles. Showing no fuss at all in the yards or on the scales in the crush. Heifers stood calmly for assessment, photos and videos and waited patiently for their calves to re join them afterwards. This group were a pleasure to assess & did not put a foot wrong in what was a wet set of yards due to recent weather conditions.

Handled With	Dogs , Horses , On foot , Vehicles
Assessor Comments	20 x 20 NSM Heifers & Calves. Presented by J & S Kelly, these Heifers & Calves have faced rough conditions the past few months coming out of a tough & dry spell heading into a wet & cold calving season, but they have braved it head on & are now coming forward as strong first calvers. Heifers are of great quality, bred using JB Angus Genetics with no expenses spared on Bulls. Calves are sired by Alpine Angus & Turrum Creek Angus Sires, have received their first '5in1' & bull calves have been marked for your convenience. These units are very well mannered & have had a lot of handling. An article this quiet & easy doing does not become available very often & are only on the market due to moving to a full spring calving program. A recommended purchase for anyone searching for a quiet, well bred line of future breeders with plenty of upside. Would slide into any existing herd adding depth & performance or are the perfect product for starting out a new breeding regime on temperament alone, along with genetics. The Kelly's progeny is often topping the sales at local markets & have a number of repeat buyers coming forward on how their cattle have turned out. An easy assessment & recommendation. Please note that 4 calves have been treated with ‘Scourban’ but are already out of their WHP.
Assessor	**Jack Ginnane (Level 1 Accredited)** Parallel Assessed By : DEAN BAILEY
Delivery Period	15/06/2026 to 19/06/2026 (5 days)
