Temperament

Yards	Crush	Paddock
Docile: 7 head Quiet: 43 head Slightly Stirry: 3 head	Docile: 10 head Quiet: 39 head Slightly Stirry: 4 head	Temperament not assessed in Paddock

Great test for cattle being a horrible windy gusty morning. Very easy to work with in race & crush. After assessing calves they were showing weaner attributes trying to get back to mum on the other side of fence other than that cattle were easy to handle. 1 stirry heifer that was isolated. The Gall family cow herd have always emphasised on quiet temperament with some calves being docile like their mothers. Suitable for all buyers.

Handled With: Bikes , On foot , Vehicles

Notable Traits

	Traits
1 Head	2 minor blue eyes
1 Head	Baldie attributes
3 Head	odd Naval

Assessor Comments	Very high quality EU weaner steers. The Gall family have been breeding out of a thumping large frame self replacing Palgrove foundation cow herd for over 20 years. All steers sired by Bondfield Angus bulls with 70% Black Angus types & 25% representing hybrid vigour throwing back to the creamy type. These steers would suit a backgrounding & feeder job showing great depth in bone structure. These sound structured steers are are apart of Greenhams Never Ever program being suitable for the grass fed fattening program as well. Impressive weight for age soft weaners with great weight gain results a head. vendor has a run of the sisters in the same sale. Buy with confidence.
