Assessor Comments	Here are a nice line of Angus and Angus Cross steers presenting in good store condition. They are by Wallangra Angus bulls and Ultrablack Bulls out of Angus and Angus cross cows. They have been bred and raised on forest country. Steers are regularly handled and are in a rotational grazing program. Steers are used to one wire electric fence setups. Steers are very quiet and worked well throughout yards and were a pleasure to handle. All the hard work of weaning and tailing out these steers has been done. Please note there are another lot of steers from the same property in the same sale this week
