	Quality Grades Good100%		
Assessor Comments	Complete drop of wether lambs with a 5% tail removed. Lambs have been weaned and are doing well on summer grass. Wrapped up in a good jacket these lambs would ideally suit to shear and fatten for the heavy trade market. Noted 4 lambs in mob showing thicker horn and 5 lambs with dry fly scarring. Very even line of lambs that will do up quickly on good feed.
