| Assessor Comments            | Very good quality line of Ewe lambs that have been bred from a small but high quality flock of Ewes. Vendor has sourced good quality genetics to build their flock over the past couple of years. Long bodied clean shedding ewes that would go on and be beautiful maternal ewes given the opportunity.                                                                                     |
