Assessor Comments	An outstanding line of 1080 impeccably bred 2nd x Suckers. These lambs are bred out of some of the best 1st X Ewes out of the Forbes and Ungarie districts, these lambs are sired by top quality Morocara Poll Dorsets by the the Kelly family of Wongarbon. The breeding in these lambs in second to none. Shorn in January and all health treatments up to date these lambs have already been started on grain and are ready to hit their straps. All lambs have been individually weighed in a very tight weight bracket between 33-39kgs to Av 36kgs at assessment. The Amaroo lambs have a very strong reputation for their carcass traits and attract top prices whether it be over the hooks or in the market. These lambs come with the strongest of recommendation and is a real shame to be selling these lambs as stores. A total of 1080 lambs to be sold in 2x540 (To suit 4 deck loads)
