| Handled With | Dogs , Vehicles |
| Assessor Comments | The Naweena herd is well renowned for high quality Angus cattle by feedlots, processors and breeders. This group represent a draft surplus to breeding requirements out of the Spring drop herd. These heifers are well grown for age and have enjoyed a good season presenting in forward order. As a rule genuine medium to large frame that continually grow out into big females. A very mild case of ringworm and warts on approximately 20%. 7 head with very faint old eye scarring noticed at assessment. Will be extremely suitable for grass finishing program or future breeders. |
