Vendor Comments	Annual sale of Merino wether lambs. Please note wethers are tail stripped but not mulsed.		
Assessor Comments	The Yuluma Merino wether lambs grow into top bale fillers and into very good medium to large framed sheep. The Webb family have been using Centre Plus Blood rams for 17 years with focus on frame, micron, and cutting ability. This lot of wethers are the top draft from 1400, they give the purchaser opportunity to fatten a real quality wether to sell in the winter markets. Yuluma wethers are very good wool cutters and will not disappoint the purchaser. Please note these wethers were held in a holding paddock over night and that's where they picked up a small amount of spiny burr, there is bathurst on the property but none noticed at assessment, wethers do have clover burr on their bellies. Wethers are tail stripped but not mulsed.
