Assessor Comments	60 mixed sex store lambs averaging 41.4kg at 4 hours off feed, these lambs are already adjusted to trail feeding and would be suitable for someone looking for lambs to fatten as their stomachs have already adapted to receiving grain via trail feeding since late December and were drenched last month. A good line of lambs to top up on numbers or suitable for someone looking for a smaller number to put away. Please note one lamb has old fly strike that is not deemed detrimental
