Assessor Comments: A line of vendor bred, good to very good quality steers. Mostly medium to large frame. They suit to background to export feeder weights and then crop or grain finish for a range of high quality markets. Steers are sired by registered Lawson Angus bulls & Angus paddock bulls with Booroomooka blood, joined to Angus & Angus Cross cows. They have had two shots of 7 in 1 and had their first dose of Bovilis MH + IBR in April. Steers were yard weaned in April onto oaten hay before moving into the paddock with access to Riverina weaner pellets up until start of July. They were moved onto a Barley crop in June which is now drying off but bulk remains and steers are still moving ahead. Located 130km West of Goondiwindi, off the Barwon Hwy.
