Assessor Comments	An outstanding line of 42 Aussie White X ewe lambs, out of Tattykeel blood ewes by Gamadale Australian White rams. These ewes would be a great opportunity to grow into future breeders, already showing good shedding ability and growth for later drop lambs (Aug-Oct). Having already been weaned they are ready to turn out and grow. These are the tops of the drop of last year's lambs. PLEASE NOTE: Another run of 38 of these lambs is on offer in this sale, a great opportunity to put together a very neat line of ewes.
