Assessor Comments	171 1st Cross ewe lambs, May-June drop. These lambs are Guidar vaccinated, mulsed with pain relief. Outstanding quality vendor bred lambs from a noted flock in the Bairnsdale district which have been using Stockton Merino bloodlines for 30+ Years and are by the Geraldine Border Leicester rams. These lambs have been through an extensive health program with 3 drenches the most current Tri guard on the 6/1/23, 2x 5in1 and a Avenge on the 12/12/22. With an extremely wet start to life the ewes have not yet met there full genetic potential but are really starting to do now as the seasons dry out.
