Assessor Comments: On offer is a 1 mark line of Angus Angus NSM heifers, heifers were purchased in January this year and have achieved a 0.8kg/day weight gain since then. Heifers are all sired from Waitara Angus bulls from a cow base of Waitara, Pathfinder, Lawson's and Te Mania genetics to focus on high IMF, functional and medium frame mature cow. These heifers would fit into a commercial breeding program, or grow out to buyers choice of market end. Heifers were a pleasure to handle at assessment and will continue to grow out well if given the opportunity. Buy with confidence.
