Assessor Comments	On offer is a very good group of vendor-bred Angus feeder weight steers which have done extremely well in a kind winter and early spring on oats and clover pasture, particularly in the last few weeks as the feed has hardened up. Glengarry cattle come with high recommendations from previous purchasers. The steers offer the following: * Hazeldean and Bongongo genetics * Weighed out to suit the feed-lotters and backgrounders * True to their bloodlines, they demonstrate very good growth and maturity for their age * Will be scanned and transferred at no cost to the purchaser. Please note: these steers were re-weighed on Wednesday 30 September ahead of their second week on AuctionsPlus. The 15 steers averaged 432kg (full), compared to 403kg (full) on 18 September.
