Exceptionally quiet steers, a testament to the vendors cow herd temperament and bull selection. The steers moved through the yards very well and generally were a pleasure to handle and assess. There was 1 steer that did rush in the race slightly, and moved on the scales. When in the yards and paddock this steer was calm and relaxed.

Assessor Comments	The Taylor family offer a draft of very well bred Charolais steers. Steers are sired by Rangan Charolais bulls, with the cow herd being from Huon and Rangan bloodlines. The vendors cattle are noted performance cattle, the steers would be a welcome addition to any grass backgrounder or grain fed program. Very quiet cattle, patient and respectful when being handled. Steers are well weaned and ready to perform. Vendor has been breeding Charolais cattle for over 50 years using a closed herd of large frame cows that are ideal matrons. Please Note: The vendor is offering 2 more lots in this sale.
