Assessor Comments	A line of well-bred young lambs that are still on their mothers. These lambs are sired by sires selected for their potential to finish fast once introduced to high-quality feed be it based on high performing pasture or a specialised grain finishing system. They would make fantastic heavy supermarket or export weight lambs into the promising pre and post-Christmas selling period. At assessment there was 2% with weeping eyes that will be checked prior to delivery. Please note there is a further 340 of the second draft of these lambs also in this sale.
