Assessor Comments	A good line of young females that have been joined to quality Barwidgee & Hazledean Angus Bulls for their 2nd calf. Cows present in light store condition having just weaned a calf last week and will improve rapidly given more feed. The cows have been joined for a very tight 6 week joining commencing 1/12/22 for a suggested calving early September to mid October. Cows present in store condition and have plenty of frame. Please note there is additional 54 PTIC Angus cows & 43 PTE cows the same age available in the same catalogue as this lot, there is also a small percentage of heifers that have old pinkeye scaring.
