Assessor Comments	A great opportunity to purchase a line of young cows PTE, these cows will improve in condition rapidly considering they have just had a weaner pulled off them last week. The cows would either suit someone to re-join back to the bulls of there choice, or to fatten on crop or grain and do a MSA kill as they are still only 2 & 4 teeth from mouthing a sample at assessment. Please note there is additional 53 PTIC Black Baldy cows & 54 PTIC Angus cows the same age available in the same catalogue as this lot, there is also a small percentage of heifers that have old pinkeye scaring.
