Assessor Comments	Cattle Creek is offering a draft of 535 Merino wooly Wether lambs, this been a run out the gate from a line of 1070. June/July 2026 drop. Currently in fresh store condition, this spring has been a wet season and the lambs are well grown for their age and they will perform well for those buyers wanting to grow lambs out into trade and export weights. Bred out of Medium to Large framed Watervalley Merino Ewes. The lambs have not been mulesed. At assessment the skins look fresh and clean, but are showing signs of barley grass and geranium seed in the wool, but would encourage purchaser to move quickly as the season is starting to change. These lambs are on the do and will continue when shown sunshine and good feed.
