Assessor Comments	48 Angus Heifers PTIC to calve start of September!! A very nice line of heifers joined to ARUBIAL Wagyu bulls . Heifers are very well bred out of very good cow herds of D J Graham family from Adjungbilly (Bongongo and Crawford Angus Bloodlines) and Gowan Green Wellington (Wattletop and Gowan Green Angus Bloodlines). Heifers targeted for this program and are showing great length depth and bone to them, they will continue to develop into great cows into the future. A great opportunity to put a very good line of Angus heifers together for the F1 job, joined up to the top Arubial Wagyu bull with link and figures attached. Vendor is offering another 5 lots of similar heifers in same sale, opportunities don't come much better!
