Assessor Comments	A Good Line of Young Heifers Purchased from a local Breeder 12 Months ago with the intention as keeping them as breeding females but due to a change of direction these PTIC Heifers offer a great opportunity to the Purchaser. Heifers Have Been PTIC From 4 to 5 and a half months in calf to a low birth weight Angus Bull. The heifers were easy to handle and flowed through the yard well. A few of the heifers were restless when on their own but settled well back into the Mob
