Assessor Comments	Top quality line of well grown PTIC Poll Hereford heifers 2.5 years of age. Heifers were purchased from Woomargama Station at holbrook as yearling heifers to join. Now with their second calf inside them they present even as a group and in healthy forward store to slightly forward condition. They are genuine large frame and have had calves weaned off them within the last month. Joined to Milwillah R329 purchased in 2022 for \$28000. Please note two heifers carried a very mild case of active pink at weaning. These were treated and then retreated at assessment. If active at delivery will not be included. Cattle are worthy of close inspection.
