Assessor Comments	An outstanding line of Station Mated Angus Heifers with their first calf at foot. Heifers show in forward condition with good frame and plenty of body with fresh sappy calves at foot. Calves are sired by a Karoo Angus bull and the same bull has been running with the herd for the last 3 weeks and will continue to run with herd until delivery. An ideal line of young heifers with their whole life ahead of them to add to your breeding herd.
