| Assessor Comments  | Excellent quality small line of PTIC Poll Hereford females 8-10yrs. Due to commence calving in august these females are solid medium to large frame in forward condition. They stand well on their feet and carry their weight well for their age. Joined to Milwilah and KO Angus bulls. Please note no cattle could be mouthed in the setup but were bought as genuine 2013/2015 drop PTIC females in 2021. Based on the condition of these females id suggest they would be ok but wont be guranteed. |               |                                     |
